PROFILE

I just graduated from a computer science master and I'm looking for a place to apply my skills as software developer. I want to solve complex problems and improve existing solutions. I'm eager to learn, calm and precise.

EDUCATION

UTRECHT UNIVERSITY

Master degree in Game and Media Technology
Sept. 2019 - Aug. 2022 | Utrecht
Thesis: Improving Curve Arrangements Through Local Changes

Bachelor degree in Computer Science
Sept. 2016 - July 2019 | Utrecht
Specialisation in Game Technology
Minor in Game Design at the University of the Arts Utrecht

ISW HOOGELAND

VWO/Gymnasium
Aug. 2010 - June 2016 | Naaldwijk
Profile N&T/N&G

EXPERIENCE

KWEKERIJ ZIJDEZICHT

Greenhouse employee
Feb. 2011 - Sept. 2022 | 's-Gravenzande
In the cultivation of asters and chrysanthemums I mostly execute the weekly and incidental tasks, which includes part of the execution of the crop protection and small maintenance to the greenhouse. In addition, I occasionally help with the daily tasks, like weighing and sorting of harvested asters, tilling the soil after a harvest and distributing and planting new flowers.

VOLUNTEERING EXPERIENCE

SCOUTING DE LIER

Scouts leader Esta's 2/Blauw
Feb. 2014 - present | De Lier
Together with four other volunteers, I organise a weekly fun, social and educational gathering for around 25 between nine and eleven years old kids. Additionally, every year we organise multiple weekend camps and a week long summer camp.

Treasurer Esta's 2/Blauw
Sept. 2017 - present | De Lier
I manage the finances of my group.
